

Faculty of Engineering
Block Advanced Standing Arrangements for Singaporean Polytechnic Institutions
Diploma of Engineering studies to Monash University Bachelor of Engineering Degree studies

Faculty of Engineering Programs	Singapore Polytechnic Diploma	Advanced Standing Policy
Bachelor of Engineering (Chemical)	Diploma in Chemical Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
	Diploma in Chemical Process Technology	
Bachelor of Engineering (Civil)	Diploma in Civil & Structural Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Bachelor of Engineering (Electrical & Computer Systems)	Diploma in Electrical and Electronic Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will get 96cp exemption equivalent to 2 years
	Diploma in Electronics, Computer & Communication Engineering	
Bachelor of Engineering (Mechanical)	Diploma in Mechanical Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Bachelor of Mechatronics Engineering	Diploma in Mechatronics Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Faculty of Engineering Programs	Temasek Polytechnic Diploma	Advanced Standing Policy
Bachelor of Engineering (Electrical & Computer Systems)	Diploma in Electronics Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
	Diploma in Microelectronics Engineering	
	Diploma in Telecommunications Engineering	
Bachelor of Computer Systems Engineering	Diploma in Computer Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years

Bachelor of Mechatronics Engineering	Diploma in Mechatronics Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Faculty of Engineering Program	Nanyang Polytechnic Diploma	Advanced Standing Policy
Bachelor of Engineering (Electrical & Computer Systems)	Diploma in Electronics, Computer & Communications Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Bachelor of Mechatronics Engineering	Diploma in Mechatronics Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Bachelor of Engineering (Mechanical)	Diploma in Manufacturing Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Faculty of Engineering program	Ngee Ann Polytechnic Diploma	Advanced Standing Policy
Bachelor of Engineering (Civil)	Diploma in Civil and Environmental Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Bachelor of Engineering (Electrical & Computer Systems)	Diploma in Electrical Engineering Diploma in Electronic & Computer Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Bachelor of Engineering (Mechanical)	Diploma in Mechanical Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years
Bachelor of Mechatronics Engineering	Diploma in Mechatronics Engineering	B grade average across the diploma and not less than B grade average in Maths will receive 48cp in all first year units. B+ average across the whole diploma will receive 96cp exemption equivalent to 2 years

Diploma of Engineering students applying for admission to a different but similar discipline: B grade average across the diploma will receive 48cp for all first year units.

The following diploma courses do not have a standardised advanced standing policy. Advanced standing assessment is on a case by case basis

Singapore Polytechnic	Temasek Polytechnic	Nanyang Polytechnic
Diploma in Aerospace Electronics	Diploma in Biomedical Informatics & Engineering	Diploma in Biomedical Engineering
Diploma in Bioelectronics	Diploma in Business Process & Systems Engineering	Ngee Ann Polytechnic
Diploma in Computer & Network Technology	Diploma in Info-Communications	Diploma in Biomedical Engineering
Diploma in Information Communication Technology	Diploma in Integrated Facility (Design and Management)	Diploma in Internetworking & Communications
Diploma in Aeronautical Engineering	Diploma in Intelligent Building Technology	Diploma in Aerospace Technology
Diploma in Bioengineering	Republic Polytechnic	Diploma in Product Design and Innovation
	Diploma in Biomedical Electronics	Diploma in Engineering Informatics
	Diploma in Communication and Automation Electronics	Diploma in Logistics Management
	Diploma in Industrial and Operations Management	Diploma in Quality Management & Engineering
	Diploma in Aerospace Avionics
